

New Scheduling for MVB

by Isaac Curtis

The MVNU men's volleyball team has a unique schedule this season, and it's designed to save money for the program. However, the schedule comes with its own set of challenges.

Every away match now requires a hotel stay and three additional meals. The schedule is also back-to-back in some cases, with the team playing just 12 hours after walking off the court from the previous night. Head coach Douglas Sherer is doing his best to prepare the team for the new schedule, but there are some obstacles they must overcome.

For example, film breakdowns are done by Hudl, which is a service they pay for, but the breakdowns won't be back in time for Saturday review before the team plays. This means that coach Sherer will be spending Friday nights breaking down film so that the team has the best chance at winning. However, he sees the schedule as an opportunity for the team to grow. If the team plays well on Friday night, they will go into Saturday with more confidence because they just beat their opponent. On the other hand, if they play poorly on Friday, they will need to find a way to pick the team up before playing again the next day. He is confident that the team will rise to the challenge and try their best in each game.

The men's volleyball season is currently underway, and MVNU's team is getting to show what they're capable of through this year's interesting schedule. With hard work and determination, they will be able to overcome any obstacles and have a great rest of the season.

Across

- 3) the original name for volleyball when it was first invented
- 4) the acronym for the conference MVNU MVB competes in
- 7) MVNU MVB's all-time assist leader (first name)
- 8) the position that wears a different color jersey
- 9) MVNU MVB's first ever opponent

Down

- 1) the position that runs the offense, dishing the ball out to others
- 2) violation that occurs when the server's foot crosses the endline/baseline (two words)
- 3) excluding home games, the state MVNU MVB has played the most games in
- 5) MVNU MVB's all-time kill leader (last name)
- 6) member of MVNU MVB who is also on the The Viewer staff (first name)
